

## **Detention Policy**

Detention must be justified with sufficient reasons and for a period which is reasonable in all circumstances. Reasonable alternatives will be considered before detention is authorized. No one shall be subject to arbitrary detention. The power to detain must only be used for the specific purpose for which it is authorized and its exercise must be justified on proper grounds. Each case is to be considered on its own facts and merits. Detention will be kept under regular review and will be reviewed when there is a material change of circumstances. The factors listed below are factors which the Director of Immigration (“Director”) / Secretary for Security (“Secretary”) will generally take into account in determining whether a person should be detained or released, and are not meant to be exhaustive (in that each case will be considered on its individual merits and there may be other facts and circumstances relevant to any particular individual case) or in any order of priority / weight. The mere presence of a particular factor does not automatically lead to detention or release. The factors will be considered in the context of all the circumstances of the case. The Director / Secretary will give due consideration to any representation made against detention.

In determining whether a person should be released or detained, the Director/Secretary will take into consideration all the relevant circumstances of the case, including: (i) whether the person’s removal is going to be possible within a reasonable time; (ii) whether that person concerned constitutes a threat / security risk to the community; (iii) whether there is any risk of that person’s absconding and/or (re)offending; (iv) whether that person’s identity is resolved or satisfied to be genuine; (v) whether that person has close connection or fixed abode in Hong Kong; and (vi) whether there are other circumstances in favour of release.
